

CUMBERLAND HEIGHTS

ANNUAL DONOR REPORT 2020

TO OUR ANNUAL DONORS

Dear Friends of Cumberland Heights,

We learn in recovery to let go of the things we cannot control, and did we ever have a lesson in that the past couple of years. Your support has not wavered, even during the most unpredictable times. It hurt us to have to cancel the many gatherings and community events that make Cumberland Heights so special. When we had to change protocols for admitting and caring for patients, you made sure we had what we needed to continue to bring hope and healing to those struggling.

From Telehealth visits, to virtual group meetings, and online fundraisers, you've stuck it out. We cannot thank you enough for your steadfast support and passion to transform lives through recovery at Cumberland Heights. We look forward to the next year being brighter.

Gratefully,

JAY CROSSON

Jay S. Crosson, CEO

MISSION

To transform lives, giving hope and healing to those affected by alcohol or drug addiction.

CORE VALUES

Our Core Values Honor Our History and Traditions By:

1. Always putting the patient first.
2. Providing the highest quality care throughout our continuum of services.
3. Recognizing the principles embodied in the 12-Steps as the essential foundation of lasting recovery.
4. Providing a physical and therapeutic environment conducive to the transforming power of a spiritual awakening.
5. Valuing the importance of family participation in the recovery process.
6. Remaining grateful for those who support our mission and share our passion for recovery.
7. Demonstrating the same care and respect for our employees they show for our patients.

TELEHEALTH

Allowing patients to receive healthcare virtually, through smart phones, computers, and tablets.

By adding Telehealth Services, we were able to effectively engage with patients through remote access to treatment services. Telehealth participants were able to meet with their counselors, attend group therapy and get assistance from Certified Peer Recovery Specialists through the use of technology.

STOPPING THE SPREAD

Cumberland Heights went above and beyond CDC recommendations to ensure the safety and health of our patients.

Some safety protocols that were taken include:

- Prescreening incoming patients
- Onsite PCR molecular testing for patients, both current and incoming, as well as staff
- Providing two vaccine options for staff and patients, Moderna and Janssen
- Having air purification systems in all buildings, which eliminates up to 99% of bacterial and viral particles
- Disinfecting certain areas on campus with electrostatic disinfection, a method that uses technology to ensure the most complete disinfection coverage possible
